

Figure 1: Home page (which gives introduction to Online payments Fraud Detection)

Figure 2: Input page (which takes input from user)

Figure 3: Output page (Displays that the payment is fraud)

Figure 4: Input page (which takes input from user)

A screenshot of the same web application, but now showing the input form. The title "Online Payments Fraud Detection" remains at the top. Below it, there are several input fields with labels: "Step" (value: 15), "Type" (value: 3), "Amount" (value: 7.054), "OldbalanceOrig" (value: 21155.00), "NewbalanceOrig" (value: 19906.00), "OldbalanceDest" (value: 0.00), and "NewbalanceDest" (value: 0.00). A green "Submit" button is located at the bottom left of the form area. The background illustration and top navigation buttons are identical to the previous screenshot.

Figure 5: Output page (Displays that the payment is not fraud)
